EDUCATION

Kalaigñar Karunanidhi Institute of Technology	2024– 2028
B.Tech. Artificial Intelligence and Data Science	Current CGPA: 8.24/10.0
Theni Melapettai Hindu Nadar Uravinmurai Matriculation Higher Secondary School	2023-2024
Higher Secondary(Class XII)	80.83%

EXPERIENCE

Full Stack Development Intern | Arumexa Technology Private Limited, Madurai

Worked as a Full Stack Development Intern and collaborated with a team of 2 members to develop a Student ERP Portal. Contributed to frontend and backend development using the MERN Stack, including UI design, API integration, and database management. Gained hands-on experience in building scalable and user-friendly web applications.

PROJECTS

Organ-Donor-Registration-System

Designed and developed an Organ Donor Registration System to allow users to register as organ donors online. Created intuitive UI/UX for easy form filling and navigation. Implemented features for donor data management and verification. Focused on user-friendly and accessible design.

Tech: React, Node.js, MongoDB, Express

Task Management System

Full-Stack task management system with the CRUD operations and the rest API integration.

Tech: React, Node.js, Express, MongoDB

BCI(Brain Computer Interface)using the NeuroProthetic Limbs

The project have been made using the team projects of the two members and it is mainly used for the disabled people who have been lost their arm during born/any kinds of the incident. This is made using the prototype project. In this my role is developing the project in the hardware components.

Tech: using c++, looping statements, etc...

TECHNICAL SKILLS

Programming: Python, Java, C++

Web & Mern Stack : HTML, CSS, JavaScript, React, Node, Express, MongoDB

Tools & PlatForms : Git, GitHub, VS Code, Canva

CERTIFICATIONS & COURSES

COURSERA:

.Artificial Intelligence Essentials

.Getting Started With Data Analytics on AWS

.Foundations of AI and Machine Learning

.Data Visualization with Python

CISCO – Operating System Basics

CISCO- Python Essentials 1 & 2

Hackathons

36-Hour Hackathon(KIT-Coimbatore)(SDG-10-Able Assist Technology for the Disabled Peoples)-Collarated in a team-based coding events, focusing on solution, design, implementation, and teamwork.

TamilNadu state Level Hackathon(SPIC NAGAR SCHOOL TUTICORIN)(BCI-Brain Computer Interface using the Neuroprothetic Limbs)- Secured #3 prize in the Hackathon. Collarated in a 2Members of team based project with hardware and software project, Coding events, focusing on the solution, design, implementation and teamwork.

COMPETETIVE PROGRAMMING:

- CodeChef-Max Rating-1450(Div-3)-500+problems solved
- Leetcode-Max Rating-1499-300+problems solved
